Dear Mr. Johnson:

Re: Qualified Testing Suppliers List (QTSL), Qualification Notice, FSC 5961 and 5962,  
CAGE: 1WWL9, VQ(VQC-18-032035), CN:059454

This Center has received the corrective actions from the audit performed at your facility. This audit was to determine your eligibility to continue your qualification in DLA Land and Maritime's Qualified Testing Suppliers List (QTSL) program. Based on our review, your facility is considered a qualified distributor eligible to supply FSC 5961 and 5962, military and commercial grade product as dictated under the Criteria and Provisions document for the QTSL program. Per your application, all devices are to be controlled and managed from your Clearwater, FL location. No other locations for your company are qualified under this program.

Requalification for this program requires a reapplication every three years. Your company's reapplication date is based on your initial qualification date. In order to maintain your qualification and remain in the program your company must reapply by the end of that three year cycle. This qualification can only be terminated by written notification from this Center. For the duration of the qualification period, the distributor is subject to periodic reviews by this Center or its representatives and agrees to meet the requirements set in the Criteria and Provisions document for the program.

If you have any questions, please contact Mr. Paul Granchi at (614) 692-9975.

Sincerely,

for ALAN J. WILL

Sourcing and Qualifications Division
